

# The right choice for

## high security entrance doors

ENTRANCE DOORS

safechoice 

# Open your home up to a whole new look

The right front door can create a great first impression and can have a big influence on the look and character of your home.

We offer an extensive selection in a wide range of finishes, from simple glazed designs to more ornate styles, with decorative glass or paneling. As well as being beautifully made, each door is designed to stand the test of time and importantly has security designed in. So they not only act as a barrier, they enhance your home too.

Our entrance doors are designed to replicate the look and feel of traditional timber. But it's not all about looks - durability and easy maintenance are just as important - all of our doors wipe clean, won't rot or warp. So you can be sure your door will last.

## Add a splash of colour

We can give your home a splash of colour with our high quality range of entrance doors.

We manufacture our doors with your chosen colour incorporated into the material rather than a paint finish, making them more resistant to the elements.

Black Blue Green Red White Light Wood Dark Wood

"Choose a finish that makes your home say something to the outside world."

Deciding which style of entrance door is right for you is not always easy. However, with our broad variety of styles from which to choose - ranging from contemporary to more classic designs - you're sure to be able to find just the right door for your home.

# Styles and finishes that meet your every need

The Berkshire Range

The Cheshire Range

The Devonshire Range

The Dorset Range

The Kent Range

The Glamorgan Range

The Warwickshire Range

The Wiltshire Cottage Range

You'll need to consider how best to complement your home. Select your preferred range, perhaps then door colour, finally choose which style of glazing is most suitable.

When it comes to what you want, you're the expert, but we can also help you through this selection process - ensuring that you find the entrance door that fits your needs.

## Glazing options

A vast array of glazing options are available. Patterned, Georgian, stained, and leaded for example. We can help you through the selection process and ensure you choose the style that suits your requirements best.

# Entrance doors that are **stylish yet secure**

Doors are at the heart of your home's security, and we design our products to ensure the visitors to your home are only the welcome ones.

All entrance doors are made to the highest standards of security and durability. This gives you the peace of mind, knowing that your new door is not only aesthetically pleasing, but is also the best protection to the unwanted elements and intruders!

We use a highly durable and demanding locking system. Offering 4 hook bolts and 1 dead bolt. With this system you are assured of the best lock money can buy.

## Quality and innovation as standard

The County Range of entrance doors are manufactured to the highest quality standards and is at the forefront of product development and innovation.

Our collection of GRP entrance doors bring you style and performance, along with great design and engineering. The best technology gives you low maintenance along with the best possible security. With good insulation properties to keep your home warm, you can choose from a variety of styles in a range of colours and a multitude of glazing options.
